

Sixth Grade Language Arts – Summer Assignment

Required Reading: All incoming sixth grade students are asked to read *Wonder*, by RJ Palacio. You may check a copy out from the public library, purchase a personal copy, or borrow one from a friend.

Wonder will be discussed in language arts this fall. Following reading, please prepare a one-page reflection on *Wonder* that addresses the following.

In *Wonder*, Mr. Brown used precepts, or rules about important things, to guide one's actions. How do these relate to the idea of being the best self you can be? In your opinion, which precept do you think is the most important? What makes you say this?

Please read a variety of texts this summer, fiction and nonfiction. The library and most bookstores have summer reading programs and incentives. Check-out one of the local summer reading programs. ***Set a reading goal for yourself, and stick with it! Example: I plan to read 5 books by the end of the summer or I plan to read 30 minutes each day. Etc.***

Enjoy your reading! Relax and have fun with it. I cannot wait to hear about all the great books you read. You are in store for a great experience in language arts next year!

Mrs. Regan
